

HIGHLANDER

MYSTERIUM VERUM

BARREL-AGED SCOTCH ALE

An ale worth fighting for, our barrel-aged Scotch ale is one of our most elusive and sought after Mysterium Verum offerings. The massive malt profile of the base beer, Real Heavy, makes it a perfect candidate for barrel aging. The caramel and toffee notes of the beer are perfectly complemented by toasted vanilla, while peat and a pronounced oak component provide balance to the rich malt base. Highlander is matured for 8 months in American oak barrels to achieve the appropriate character for a beer so prodigious. After sampling the Highlander you will understand why we are fond of screaming, "There can be only one!"

MYSTERIUM VERUM

Once small and experimental, now dynamic and award - winning, this diverse family of ales utilizes a variety of barrels, as well as secondary fermentation with wild yeasts and bacteria to produce complex flavors beyond the realm of traditional brewer's yeasts. Latin for "Real Mystery," our Mysterium Verum series embraces the endless possibilities of these transformations.

ABV 10.1%
