# BLAKKR

IMPERIAL BLACK ALE

Blakkr Imperial Black Ale was born in 2014 as a collaboration between Surly, 3 Floyds, and Real Ale. Bonded by their love of brewing and love of metal, this unholy trinity of brewers gathered around a brew kettle in Blanco, TX to craft this deeply dark concoction. Subtle dark malt and toffee character quickly yields to the citrus and tropical notes provided by a staggering amount of hops. The result is a crushing, black-as-night Double IPA. All hail the return of the mighty BLAKKR!
