8TRACK

Amber

Looking back can provide a better perspective on the future. In the good ol' days, when things were simpler, you would kick off your shoes, crank up the tunes, and crack open a cold one. This was our inspiration for 8Track, a malt-forward Amber Ale designed to showcase the simple beauty of a well-crafted beer – cutting no corners, and using only the purest ingredients. Deep flavors of caramel and toffee fade into a smooth finish. You know you're drinking a beer. Now put those feet up and crank up some tunes!
